

Looking For A Forever Family

30 years young

15.1 Hands

Looking for the right owner for a wonderful 30 years young Quarter Horse. She has had the same owner for 27 years. She would be the perfect horse for a child or someone light that just wants to go for a cruise down the trail. She is a great companion horse as well. She needs a gentle hand. She does not kick or bite. I did the Bonelli Park Mounted Assistance Unit for almost 10 years. She gave horseback riding lessons for over 10 years to many Handicap students. She has patience for all. She just needs a Gentle Lifestyle. Great for a rider that needs to build up there confidence. She has done it all.

Home needs to be approved.
